

European Journal of Vascular & Endovascular Surgery

Volume 63 • Issue 4 • 2022
TABLE of CONTENTS

EDITORIAL

- 533 **Urgent Plea for an Immediate Stop to the Russian Invasion of the Ukraine and Respect for the Legacy of Professor Nikolai L. Volodos**
M. Björck, M. Venermo, F. Dick and M. Gargiulo

CAROTID AND SUPRA-AORTIC ARTERIES

- 535 **Editor's Choice – Effect of Carotid Endarterectomy on 20 Year Incidence of Recorded Dementia: A Randomised Trial**
A. Halliday, M. Sneade, M. Björck, S.T. Pendlebury, R. Bulbulia, S. Parish, R. Llewellyn-Bennett, H. Pan, W. Whiteley, H. Pan and A. Gottsäter on behalf of the ACST-1 Trial Investigators
→ Early CEA for asymptomatic stenosis not protective against long term development of dementia (1600 ACST-1 patients followed)
- 546 **Editor's Choice – Peri-Operative Outcomes of Carotid Endarterectomy are Not Improved on Dual Antiplatelet Therapy vs. Aspirin Monotherapy: A Systematic Review and Meta-Analysis**
J.C. Ku, S. Taslimi, J. Zuccato, C.R. Pasarikovski, N. Nasr, O. Chechik, E. Chisci, D. Bissacco, V. Larrue, Y. Rabinovich, S. Michelagnoli, P.G. Settembrini, S.M. Priola, M.D. Cusimano, V.X.D. Yang and R.L. Macdonald
→ Suggests no added benefit of perioperative dual antiplatelet therapy but increased bleeding risk - even in symptomatic patients; however, quality of evidence poor (almost 50 000 patients observed)
- Invited commentary:*
- 556 **Mirror Mirror on the Wall, Which Is the Most Protective Antithrombotic Therapy of Them All?**
B. Rantner and G.J. de Borst

AORTA AND MAJOR BRANCHES

- 557 **Editor's Choice – Hybrid vs. Open Surgical Reconstruction for Iliofemoral Occlusive Disease: A Prospective Randomised Trial**
V. Starodubtsev, V. Mitrofanov, P. Ignatenko, A. Gostev, R. Preece, A. Rabtsun, S. Saaya, I. Popova and A. Karpenko
→ Hybrid reconstruction as good as open repair in this non-inferiority RCT - however, blinding was impossible for obvious reasons (200 patients randomised)
- Invited commentary:*
- 566 **Real World Iliofemoral Arterial Revascularisation: Time for the Great Hybrid Reset?**
M.J. Grima and L. Biasi
- 567 **Modifications in Aortic Stiffness After Endovascular or Open Aortic Repair: A Systematic Review and Meta-Analysis**
D. Bissacco, M. Conti, M. Domanin, D. Bianchi, L. Scudeller, T.J. Mandigers, S. Allievi, F. Auricchio and S. Trimarchi
→ Endovascular repair using stent grafts, but not open aortic repair, leads to increased aortic stiffness; however, evidence is limited and long term effects are unclear (systematic review of 14 articles)

CONTENTS—continued

- 578 **Outcome of Elective and Emergency Open Thoraco-Abdominal Aortic Aneurysm Repair in 255 Cases: a Retrospective Single Centre Study**

A. Gombert, J. Frankort, A. Keszei, O. Müller, J. Benning, D. Kotelis and M.J. Jacobs

→ Associated with relevant early morbidity and mortality, but risk of spinal cord ischaemia and late aortic related complications is low under centralised care (255 patients observed)

Invited commentary:

- 587 **Commentary on “Outcome of Elective and Emergency Open Thoracoabdominal Aortic Aneurysm Repair in 255 Cases - A Retrospective Single Center Study”**

E. Rinaldi and G. Melissano

PERIPHERAL ARTERIES

- 588 **Bypass Surgery Provides Better Outcomes Compared with Endovascular Therapy in the Composite Endpoint Comprising Relief from Rest Pain, Wound Healing, Limb Salvage, and Survival after Infra-inguinal Revascularisation in Patients with Chronic Limb Threatening Ischaemia**

K. Morisaki, Y. Matsubara, S. Kurose, S. Yoshino and T. Furuyama

→ Bypass surgery associated with preferred outcomes but comparison was unplanned (230 limbs analysed in retrospect)

- 594 **EJVES Open Access – Personalised Outcomes Forecasts of Supervised Exercise Therapy in Intermittent Claudication: An Application of Neighbours Based Prediction Methods with Routinely Collected Clinical Data**

A. Sinnige, A. Kittelson, P.J. Van der Wees, J.A.W. Tejjink and T.J. Hoogeboom

→ New method for individual outcome forecasts after supervised exercise claudication therapy - new approach to motivate patients? (almost 6 000 patients analysed)

- 602 **EJVES Open Access – Differences in Symptom Presentation in Women and Men with Confirmed Lower Limb Peripheral Artery Disease: A Systematic Review and Meta-Analysis**

C.P. Porras, M.L. Bots, M. Teraa, S. van Doorn and R.W.M. Vernooij

→ Symptom presentation differs significantly between men and women; therefore, research should always report stratified data (almost 2 Mio patients analysed)

VEINS

- 613 **Performance of Open and Closed Cell Laser Cut Nitinol Stents for the Treatment of Chronic Iliofemoral Venous Outflow Obstruction in Patients Treated at a Single Centre**

R.I. Morris, N. Jackson, T. Khan, N. Karunanithy, N. Thulasidasan, A. Smith, S.A. Black and P. Saha

→ No relevant difference in clinical performance - patency depends mainly on inflow vessel disease (207 patients observed)

Invited commentary:

- 622 **Importance of Venous Inflow: Emergence of the Invisible Gorilla**

R. de Graaf and M. Lichtenberg

BASIC RESEARCH AND TRANSLATIONAL MEDICINE

- 623 **Endovascular Porcine Model of Iliocaval Venous Thrombosis**

A. Schwein, L. Magnus, J. Markovits, P. Chinnadurai, K. Autry, L. Jenkins, R. Barnes, D.P. Vekilov, D. Shah, N. Chakfé and J. Bismuth

→ Minimally invasive creation of DVT in a large animal model - hopefully of help for future research

Invited commentary:

- 631 **Endovascular Today: One Step Forward in Modelling Venous Thrombosis**

M.E. Shaydakov and J.A. Diaz

CONTENTS—continued

MISCELLANEOUS

- 632 **Athero-occlusive Disease Appears to be Associated with Slower Abdominal Aortic Aneurysm Growth: An Exploratory Analysis of the TEDY Trial**
E.O. Matthews, J.V. Moxon, T.P. Singh, S. Thanigaimani, R.E. Jones, T.C. Gasser, R. Fritridge, J.H.N. Lindeman, R.L. Dalman and J. Golledge on behalf of the TEDY Investigators
→ General athero-occlusive disease seems to slow down AAA growth - at least in this longitudinal observation of 130 patients with small AAA
- 641 **Association Between Carotid Atherosclerosis and Atrial Fibrillation, Cardiac, and Renal Function**
D.L. Rimmele, K. Borof, M. Jensen, C.A. Behrendt, B. Cheng, E.S. Debus, C. Gerloff and G. Thomalla
→ Supports the value of carotid ultrasound in defining patients' cardiovascular risk profil (9 500 patients analysed)
- 648 **EJVES Open Access – Lipocalin-2 and Calprotectin Potential Prognosis Biomarkers in Peripheral Arterial Disease**
G. Saenz-Pipaon, S. Ravassa, K.L. Larsen, E. Martinez-Aguilar, J. Orbe, J.A. Rodriguez, L. Fernandez-Alonso, A. Gonzalez, J.L. Martin-Ventura, J.A. Paramo, J.S. Lindholt and C. Roncal
→ Inflammatory markers that may predict risk of death or amputation across various stages of PAOD (850 patients included)

CORRESPONDENCE

RESEARCH LETTERS

- 657 **Protamine for Heparin Reversal After Carotid Endarterectomy is Significantly Underutilised: Results from a UK National Survey**
A.A. Singh, J.R. Boyle, I. Chetter and F. Falter
- 659 **Blood Oxygen Level Dependent Magnetic Resonance Imaging To Predict Split Renal Function Improvement After Renal Artery Stenting**
Z. Lin, B. Zhang, L. Lin, Y. Zou, J. Qiu and M. Yang
- 661 *Letters to the Editor*

CONTINUED MEDICAL EDUCATION (CME)

JUGAAR:

- 664 **EJVES Open Access – A Modified Frozen Elephant Trunk for DeBakey Type I Aortic Dissection Patient: Sutureless Integrated Stented Graft**
L. Dai, R. Zhao and C. Yu
- 665 **Use of Scalene Fat Pad Wrap to Protect the Brachial Plexus After Supraclavicular Thoracic Outlet Decompression for Neurogenic Thoracic Outlet Syndrome**
J.A.W. Teijink

COUP D'OEILS:

- 545 **Hybrid Repair of Large Radial Artery Pseudo-Aneurysm**
M. de Boer and T. Shiraev
- 565 **Prosthetic Superior Mesenteric Artery Bypass Patent After 32 Years**
N. Fujimura and K. Ishitobi
- 640 **Mycotic Pseudoaneurysm of Dorsalis Pedis Artery**
A. Fernex de Mongex and A. Yannoutsos

MULTIPLE CHOICE QUESTIONS (MCQ):

- 666 **One Year on: Test Your Knowledge From April 2021**
S. Kakkos

CONTENTS—*continued*

TRANSLATED ABSTRACTS:

e59 *EJVES* vol. 63, issue 4 (April 2022) - Spanish Translated Abstracts 

EJVES VASCULAR FORUM ABSTRACTS:

e65 Abstracts from Issue March of *EJVES* Vascular Forum 

JVS ABSTRACTS:

e69 Selected Abstracts from the April 2022 Issues of the *Journal of Vascular Surgery* and the *Journal of Vascular Surgery: Venous and Lymphatic Disorders* 

Editor's Choice: This paper has been selected by the Editor to be made freely available online.
